

<b>JOB TITLE</b>	Sales Agronomy Intern
<b>DEPARTMENT</b>	Sales
<b>REPORTS TO</b>	Director of Sales & Marketing
<b>STATUS</b>	Intern; May – August 2026
<b>OPEN SEATS</b>	1

**PURPOSE/SCOPE** This summer internship provides students with real-world experience in agricultural/seed sales and cross-departmental collaboration. This position is responsible for assisting with various sales and agronomy projects.

#### **RESPONSIBILITIES**

- Provide in-season customer service to dealers and growers at retail locations.
- Assist in planting seed for grower, dealer, and Peterson trials.
- Work with retail locations to provide local support for seed tenders, field scouting, market awareness with field signs, plot maintenance, and agronomic work.
- Work with Regional Agronomists on special projects, including Peterson Advance trials, and plots to support the dealer network.
- Assist with seed delivery to dealer and grower customers.
- Other duties as assigned.

#### **REQUIRED SKILLS/QUALIFICATIONS**

- Excellent communication and customer service skills
- Excellent sales skills
- Agronomic and production agriculture background
- Valid Driver's License

**ABOUT PETERSON** We are an independent, family-founded seed company serving farmers across the Upper Midwest. Known for local testing, research-driven recommendations, and strong customer relationships, we help growers make confident decisions on every acre. Our team includes agronomy, product development, operations, and marketing professionals who share a commitment to integrity, innovation, and supporting farmers.

Peterson is committed to strengthening the rural communities we call home and supporting the education of the next generation of farmers and leaders.
